Thanks Tricia. I will have our inspector check it out and get the issue resolved.

Hey Cody,

I wanted to pass this onto you. I have a citizen that has submitted a picture of a "pit that is associated with the Charlie 5603-43-19H"; citizen is concerned that "they throw all their garbage in the pit full of liquids"

This picture is from "the Oasis - Anvers/Flinders location. This pit had culvert, garbage and wooden pallets in it-they have burried this pit already."
